FRAT STATUS REVISION EXPECTED

Streamlined Registration Pays Off

Months of planning eased the registration lines as picture above attests as a small group of students await entrance to new campus gym for program sign-up. They are a portion of the 4037 regular students who milled through the registration procedure last week at the new campus. To date, 1253 limited students have enrolled with all registration ending today.

Anticipated final enrollment figures should top all previous enrollment records for the two-campi college.

If enrollment figures continue to increase semesterly, State Officials must devise a plan to enlarge the present facilities or limit the total enrollment of the fast-growing college. Many plans, including the raising of entrance requirements, are under consideration. Possible abandonment of the old campus in the fall of 1954 would call for an early resolution of the vexing problem. As yet, no official plan has been released.

State College holds the distinction of outgrowing its new campus before completion.

Sigmund Stern Grove Site of Kappa Theta Frosh Picnic Next Wednesday

Kappa Theta sorority is sponsoring the semi-annual Freshman picnic which is to be held September 30 from 7 to 11 p.m. at the Sigmund Stern Grove, located at 19th and Sloat.

The tickets will cost 75 cents

OFFICIAL NOTICES IMPORTANT DEADLINE DATES FOR STUDENTS

September 25—Last Day for Registration for Regular Students.

September 25—Last Day for Registration for Limited Students.

September 25—Last Day for Change of Program Without Fee.

October 2—Final Date for Adding a Course to the Program.

October 16—Last Day for Filing Applications for Diplomas and/or credentials.

*October 16—Final Date for Dropping Course Without Penalty for Failing Work.

*The incorrect date of November 6 given in the time schedule was the result of a printer's error.

Late registrants are to take their physical examinations on September 30 at the new campus. All physical education classes will be cancelled on this day and students having appointments should report for their examination without fail.

Students are to show their instructors the appointment time written on their cards as verification for their dismissal from other classes.

a person; this price includes free hot dogs, cokes, coffee and potatoe chips, and dancing to records.

Assisting chairman Barbara Litchfield, president of Kappa Theta, will be Pat O'Callaghan and Joan Walte, in charge of refreshments; Paula Lange and Candy Himes, advertising; and Yvonne Aldrete, records.

Others assisting on the picnic are Carol Benefield, Doris Finkelstein, Carol Foster, Ann Harvey, Carol Krane, Juliann Lanigan, Beverly Lyons, Sally Morris, Diana Picchi, Marj Robson, Barbara Siegel, Jean Taylor, Mary Madden, Jan Bacigliupi, Doris Bosco, Jane Daviton, Joan McCormick, Beverly McClure and Daris Schied.

The whole student body is invited to attend even though this is primarily intended to be an occasion for the incoming Freshmen to get acquainted.

Bus Schedule Announced

Early morning riders going to 8 a.m. classes on the new campus are being provided with extra service by the "M" streetcar. This new schedule applies only to the first class in the morning.

Lv. Terminal	Lv. West Portal
6:38 a.m.	7:03 a.m.
6:30 a.m.	7:12 a.m.
6:51 a.m.	7:20 a.m.

7:07 a.m.	7:36 a.m.
7:13 a.m.	7:42 a.m.

ASSFSC Moves to New Campus Office

Hut T-1 is New Home Of Associated Students

A grimy crew of men and women representing the Associated Students have been laboring through dusty files and moving heavy office furniture in the official migration of the ASSFSC to the new campus.

The offices of the Associated Students business office and student leaders were closed yesterday and today for the move. They will reopen next Monday, September 28, at 10 a.m. for business in hut T-1.

Hut T-1 is located between the College Union Dining Hall and the Music-Speech building which is under construction. The entrance to the hut is facing the Music-Speech building.

The hours for the ASSFSC business office will be 10 a.m. to 3 p.m. The office will be open between the 12 m. to 1 p.m. lunch period.

Students may cash checks in the business office. The lost and found service is also located there.

Hours for the major student body officers have not yet been released, but ASSFSC President, Bert Phillips state that, "... students may drop in anytime. We welcome those who are interested in student activities."

Student Personnel Office Asks Revision of 'Service' Concept of Social Groups

Are State College fraternities and sororities really service organizations? Should they be?

These questions began to come to a head Tuesday as Activities Dean Dorothy Wells presented the student Board of Directors with copies of a memo prepared on the problem.

Members of the Board were asked to study the memo and be prepared to discuss the questions at the next meeting of the Board on Tuesday.

The memo stated that many fraternities and sororities are "dissatisfied with their status," and that the Student Personnel Division believes that "the time has come for serious re-evaluation and constructive thought directed toward the problem of these groups existing on campus on a service basis."

The division calls for a redefinition of the concept of combined social and service functions.

The memo, which was addressed to the Board of Directors and the Deans' Committee, summarized the difficulties under the present set-up:

"1. Some services are obsolete from the point of view of the college or the group itself.

"2. Some groups are not satisfied with their present service and have not selected a new service even though several choices have been offered.

"3. Some groups do not render the services accepted by them.

"4. Some groups do not know what services are their responsibility or do not understand either the service or the whole concept of service organizations.

"5. Only services which have prestige value are recognized as important in some instances."

The memo of the Student Personnel Division left several alternative solutions. The groups could continue on-campus as they now exist—service sororities and fraternities; they could exist as solely social groups; they could exist as social groups, but, "recognizing the mutual benefits of a more genuine kind of service, be on call for service within and through the college community," or they could decide individually whether or not they wished to select a specific service or simply be on call for "service when needed."—By Dale Tussing

Elections will be held Thursday, October 15, and Friday, October 16; runoffs, if necessary, will be held the following Thursday and Friday.

Students are reminded that, although this is an election of freshman representatives, the entire student body is eligible to vote.

GATER OFFICE MOVES

The editorial offices of the Golden Gater are now located on the new campus in Hut T-1, adjacent to the Music-Speech building which is under construction. The Gater phone number is JU 4-2300, Ext. 265. Organizations and students desiring publicity in the Gater are requested to bring or phone their requests to this location.

Free Trade Topic For Nat'l Debate

National debate question for the nation's colleges and universities in 1953-1954 will be "Resolved that the United States Should Adopt a Policy of Free Trade."

The Speaker's Bureau, speech club of our college, has announced that the discussion question will be "How can present procedures and practices of Congressional investigations be improved." In conjunction with the main theme, a full program of events have been planned.

Social Activities

Monday, September 28—12:30 p.m., Car Pool Meeting, New Campus Administration Building, Room 162.

Tuesday, September 29—12:30 p.m., Car Pool Meeting, New Campus Administration Building, Room 162, 1-2 p.m., Hello Day Dance, New Campus Gym, sponsored by Alpha Omega.

Wednesday, September 30—7-11 p.m., Freshman Picnic, Sigmund Stern Grove, sponsored by Kappa Theta, ALL INVITED.

Thursday, October 1—1-5 p.m., Reception, Coffee Hour, New Campus Administration Building, Room 162, sponsored by International Relations Club. ALL INVITED.

Friday, October 2—8 p.m., Opening Football Game, San Francisco State vs. Cal Tech, Cox Stadium. KICK-OFF DANCE at New Campus Gym to follow game. Sponsors, Kappa Omega and Sigma Pi Sigma.

EDITORIAL

Key Strike and Commuters

If anyone has ever doubted that the settlement of labor disputes involved more than simple arbitration, the current Key System strike should completely dispel those doubts.

As the Key strike moves into the ninth week it seems that there is only slight hope for an early settlement of the dispute and a resumption of services. One might go so far as to say that the perturbed union authorities and company representatives are no further along the road to understanding than they were in the first week of the strike.

The latest legal move to start the Key System trains rolling again involves wresting company control from present officials and placing it in the hands of its receivers. It represents a drastic and morally distasteful attempt to force the company into an acceptance of labor demands.

The effects of the transportation tie-up on S.F. State College are manifold. A significant number of students enrolled here this fall have depended on Key System facilities for transportation between their homes and school. Their interest in the labor negotiations is obviously more than academic, since it could well involve their ability to regularly attend classes at S.F. State.

With an eye to this problem, the Associated Students President, Bert Phillips, has encouraged the formation of a car pool for bay area students affected by the strike. His program can only be successful with the full cooperation of the students involved. The Golden Gater therefore urges bay area students with automobiles to contact the Associated Students office immediately for participation in this pool.

However disinterested one may be in the maze of labor negotiations involved in the transportation tie-up, each of us should be highly aware of the responsibilities we have to fellow students and cooperate with all efforts made to solve their transportation difficulties.

Hall Names Three Committee Heads

New appointments and vacancies on many projects faced the activities Commissioner when the fall semester began.

The assistant activities commissioners include Mary Courtney, Bev Greenberg, and Karl Knuth. The Homecoming chairman for the Fall activity is Ron Jones.

Vacancies are numerous and interested students are needed for the various committees, rally, dances, special programs, state fair and homecoming. The need for people with clerical ability is also being stressed by Activities Commissioner Jack Hall. Applications are being accepted by Jack for the position of executive secretary.

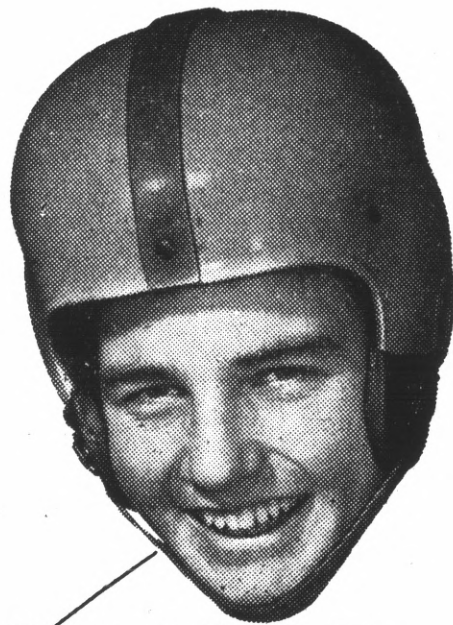

A meeting of the activities committee will be held in S 201 on Tuesday, September 29, at 7:30. Announcements pertaining to the positions and selection of other committee heads will be made.

Jack Hall said that the activities offer the students "An opportunity to take part in the planning and operation of activities that form an important part of student life in college."

ASSFSC Gives Up on Emergency Student Loans; New Regulations Are in Effect

Students needing emergency loans will now have to deal directly with the college.

The Associated Students, who formerly handled the loan service in conjunction with the office of Associate Dean of Students, Dorothy Wells, has turned the loan "kitty" over to the State so that the school business office can dispense the money for students emergency needs. The ASSFSC has lost over \$7000 since 1930 in student loan defaults.

Checks will now be made at

IRC Membership Still Tops SFSC

On the first day of registration, over 115 students joined the ranks of the International Relations Club, largest club on campus. Sami Judah, president of IRC, announced that the first meeting of the club will be held next Thursday, October 1, in the Activities Room of the Administration building.

Vacancies still existing in the organization are assistant corresponding secretary, recording secretary, and vice-president. Nominations will be received from the floor and voting taking place at the next meeting.

The International Relations Club, during the hours of 1 to 5 p.m. on October 1, will sponsor the first Faculty-Student Coffee reception.

ASSFSC Airs New Membership Plan

The Associated Students Board of Directors has set up the following plan for those members of the faculty and staff who wish to become members of the Associated Students.

The Associate card will be sold for \$7, and will cover the period from September 1, 1953, through August 31, 1954, and will allow the registered owner all of the rights and privileges of the Associated Students other than those of voting or holding elected office. Any faculty or staff member wishing to purchase a card may do so at the Associated Students' office on the new campus. This is a bargain rate over last year when the card was sold for \$4 per semester and \$2 during the summer.

Christian Science Group Will Meet Every Tuesday

Christian Science organization will meet weekly throughout the coming semester on Tuesday evenings at 7:45 p.m. The meetings will take place at the Ninth Church of Christ, Scientist Sunday School building, corner of Darian Way and San Rafael Way in San Francisco.

A regular social and business calendar will be drawn up for the testimonial meetings. Students, faculty, and alumni of the college are cordially invited to attend. The first meeting will take place next Tuesday, September 29.

Deadline for publicity for Friday
issues: Monday, 9 a.m.

the college business office, after application at Dean Wells' office.

Along with the transfer of student loan headquarters came several changes in regulations.

Now only regular (full-time) students are eligible for loans, with the maximum remaining at \$25.

Formerly students had the remainder of the semester in which to repay loans. Sixty days is now the maximum time.

Every student applying for a loan must present a co-signer of legal age who will bear full responsibility for the loan if it is not repaid by the borrower.

The contract may be made in the morning or afternoon, but the check may only be obtained in the afternoon, from 1 to 5 p.m., in the college business office in the Administration Building.

Dean Wells must personally approve each loan.

No separate loan fund is available for foreign students at present, but one may be in the offing. Money remains the only stumbling block.

Builders Ask Rubbernecks To Abstain for a While

Construction work continues during the regular session as the contractors rush to complete work on the present structures now going up. A plea comes from the contractors that faculty, staff, and students observe the keep-out signs on the doors of the Music-Speech building.

Dirt and sand tracked into the building by the admiring visitors has necessitated the delaying of several sections of flooring. If you wish to see the new building completed on time, please wait until they have finished the entire area, since every job that has to be done over causes that much more delay.

Inter-Campus Bus Hours Announced

Now in operation are the buses running between the old campus and the new campus. The buses begin running in the morning from the new campus at 9:15 a.m. and every fifteen minutes after the hour, thereafter. The last bus to leave the new campus is at 3:15 p.m.

Buses from the old campus begin running at 9:35 a.m. and every 35 minutes after the hour, thereafter. The last bus runs at 3:35 a.m. back to the new campus.

OLGA PERKINS ON ONE YEAR LEAVE TO CCSF

Mrs. Olga Perkins, secretary to the dean of students, left this week for a one year leave of absence which will extend until August of 1954. During this time she will be the Assistant Registrar at San Francisco City College.

An alumnus of State, Mrs. Perkins has worked for the administration for nine years. She received her A.B. in 1941, and her M.A. and administrative credential at State in 1952. She has also obtained a junior college credential here. In addition to her other activities, she is the corresponding secretary for the Alumni Executive Board.

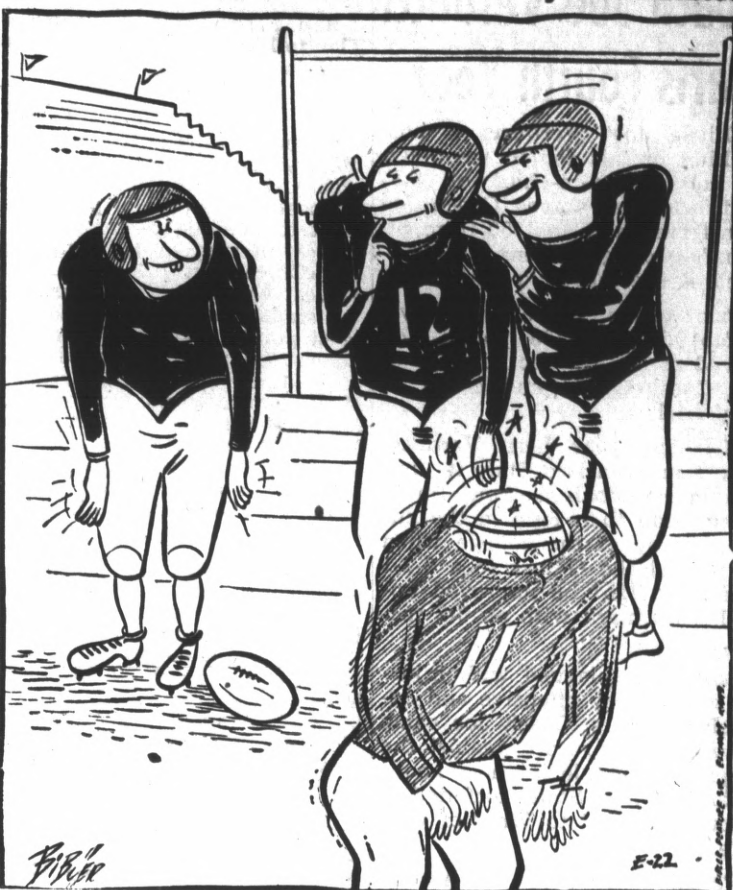

Style Center Open Daily To Advise on Fashions

Fashion centers of the world, Paris, New York, and Hollywood create the fashions that will be worn tomorrow. To help you select the right kinds of clothes from those new fashions, is the Style Center in the Visual Arts and Industry building.

All the service offered by this office comes free of charge. The Style Center will be open during the week every afternoon from 12 noon to 2 p.m. The faculty and staff are welcome to use the services of this group.

LITTLE MAN ON CAMPUS

Coach Joe Verducci Starts Fourth Year

"Little Joe" Verducci is embarking on his fourth campaign as commander-in-chief of S.F. State's football forces. Coach Joe transferred here in 1950 from St. Mary's College where he compiled a spectacular record.

Prior to his stint at St. Mary's 5 foot 5 inch, 155 pound Joe served as an Athletic Director in the Coast Guard and coach at Poly High.

His first year here Verducci gave San Francisco State its first winning football season (more games won than lost) in the entire history of the college when he piloted the Gators to a 6-2-1 record. In 1951 he improved upon his '50 mark with an 8-2 record.

Last year, plagued with injuries to nine key offensive and defensive players, Coach Joe came up with a 4-5 record against the toughest schedule in the school's history. Later State forfeited a disputed contest to Whittier College.

Fortified with little All-American candidate Maury Duncan and 14 returning lettermen Joe looks forward to a winning season again.

Each year four graduate students in physical education will have the opportunity to get practical teaching experience at the college while getting paid for it. Outstanding P.E. graduates will compete for assistant coaching positions at State on a quarter-time salary basis. These students will be able to put classroom principles into practice while financing their graduate education. A great step forward in teacher training.

Carrillo May Miss '53 Boxing Season

Bob Carrillo, a boy on whom much of the fate of the State boxing team's hopes were pinned, may be out for the year with an injured finger.

Carrillo, last year's Northern California Inter-Collegiate Lightweight Champ, had 12 stitches taken on the third finger of his right hand four weeks ago.

Carrillo's finger is still tender and he cannot straighten the last joint.

He has talked to a plastic surgeon, and expects to have an operation in about a month. The scrappy little pugilist doubts his return this year, but will... "try hard to get in shape and help the team in any way I can."

Carrillo, a five foot eight, 132 pound sophomore, is a combination boxer-puncher who takes a backward step to no one and is capable of dumping an opponent with either hand. Last year, after dropping a disputed decision in his first outing, he went on to take his next three bouts, capping his brilliant first year with a decision over a highly touted opponent to take the inter-collegiate light-weight championship of Northern California. In this match Carrillo, a left-hander, decked his opponent with a right hook and had him on the verge of a knockout when the final gong sounded.

Carrillo was the only State boxer to annex a crown last year.

Ron Whitworth Out for Season From Injury

Ron Whitworth, one of the outstanding linemen from last season's freshman football squad, will not be able to participate this year because of head injuries incurred in a freshman game last season.

Whitworth, a 200 pounder, was an All-City tackle for Mission High of San Francisco in 1951.

Ohio State Buckeyes to Give Football Fans Treat

Gator football enthusiasts have a big treat in store for them. On Thursday afternoon, October 1, Ohio State will have a game type scrimmage on the Cox stadium field. The Buckeyes will be readying for their October 3 contest with the University of California at Berkeley.

Gator JV's Open Against Marin In Cal Tech Prelim; Posts Still Open

By LeROY PACINI

J. V. Football Coach Don Clare has a backfield and a couple of ends, but after that, the club is wide open for improvement.

Coach Clare has 32 men signed up for the course, but said he had no way of guessing "how many will turn out on the practice field." Despite a lack of linemen at the moment, and perhaps inadequate numbers, the J.V.'s could field a formidable club.

Clare seemed very high on a

little quarterback by the name of Pinn, and also liked the work of another Q.B., Mel Prisby. He seems to have come up with a bevy of pretty "fair to middlin'" backs in Dave Willson, Jack Sanders, Isidore Galanti, and Welton Moore.

A couple of Jim's, both ends, White and Mulson, also seem to have gained some confidence from their coach.

Clare has already scheduled three games for his charges,

20th Ave. and Buckingham

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

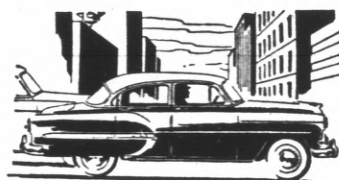

I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

SEE YOUR CHEVROLET DEALER FOR ALL YOUR AUTOMOTIVE NEEDS!

Conveniently listed under "Automobiles" in your local classified telephone directory

East Bay Students to Resolve Commute Difficulties at Meeting Next Monday

The first of two meetings, to resolve the transportation difficulties of students living outside of Metropolitan San Francisco, will be held Monday, September 28, in room 162, new campus administration building. The meetings are aimed to provide rides, or riders, for students encountering trouble commuting during the present Key System strike.

Students who need rides, or can offer rides to either the old or new campus are urged to sign up in the Associated Student offices, old or new campus, or contact Miss Jean Bunnell at the new campus.

To assist in this trying problem the GOLDEN GATER will publish the names, addresses and phone number of rides and riders for the duration of the strike.

All interested in participating in the car pool are urged to attend either the Monday or Tuesday Car Pool meeting in the activities room 162, Administration building, new campus.

If any of the following students live in your neighborhood and you can assist them in commuting to school, it is suggested you contact them at home over the week-end:

'Gotcha!'

Going out of his way to snatch one of Maury Duncan's aeriels is left end Tony Fardella. A 21 year old senior, Fardella is slated to start in the flank position against Cal Tech next Friday evening.

Tony is a returning letterman. He understudied Al Endriss last year.

Summer Shows Enrollment Rise

A slight increase was noted in the total summer session enrollment over last year. During the recent session, a total of 5,669 were registered on the various campuses. This was a gain of only 153 students from the previous summer session last year.

Awarded at the end of the summer were 238 bachelor of arts degrees, 134 master of arts degrees, and 194 credentials. This also compared fairly well with the last year's session.

Broken down into their various groups, the total figure is as follows: intercession, 482; regular session, 3,298; off-campus sessions: Modesto, 341; Santa Rosa, 180; Vallejo, 354; tours, 47; post session, 911; economic workshop, 41; and aviation work shop, 15.

'52 GRID

Tech Here Friday

By CAROL MUNROE

develop rapidly.

San Francisco State will unveil their 1953 gridiron machine next Friday night when the Gators host a spirited Cal Tech eleven. The Techmen have a vastly improved team over their '52 squad which failed to win a contest in seven outings.

In pre-season workouts we noticed that the Gators are exceptionally strong at the flank and center positions. George Wehner and Tony Fardella consistently shined in practice this week. At the center slot Jerry Harper and Larry Conover have been outstanding. Little All-American candidate Maury Duncan has been constantly connecting with his aeriels. Duncan holds the State College passing record (most net yards passing in a single game).

He established this mark last year against San Diego State when he completed 18 tosses for 358 yards.

A "sleeper" at the guard position is Bill Rudometkin. Bill, who has only been out for the team about a week, played with that outstanding City College squad about five years ago. Although Bill is currently on the third string we look for him to

The question that is uppermost in the minds of S.F. State football partisans is, "Can the Gator eleven go both ways?" While only time will answer this question conclusively we will attempt to prognosticate.

Our observations lead us to believe that State will have no trouble going "both ways" if we keep our injuries to a minimum. Our whole first string, with few exceptions are outstanding on both offense and defense. However, we definitely lack depth in most positions.

Many people have inquired about the music that comes forth from the State dressing room just before practice. We inquired and found that Assistant Professor Jerome Rothstein, as part of a project for his doctorate in psychology, is attempting to prove that certain types of music when played to the men just before a game would have significant inspirational results. The experiment proved successful until the professor introduced MARCHES. It seems that about 65 per-cent of State's football team is classified 1A.

Food Service Hours

NEW CAMPUS

Grill Room - - 7:30 A.M. to 4:00 P.M.
Main Cafeteria - - 9:00 A.M. to 3:00 P.M.

OLD CAMPUS

Cafeteria - - 9:00 A.M. to 3:00 P.M.
REGULAR HOURS TO BE ANNOUNCED LATER

CAMELS AGREE WITH MORE PEOPLE THAN ANY OTHER CIGARETTE!

State Sponsors Summer Econ Workshop; Termed 'Complete Success' -Castleberry

An Economic workshop, dedicated to "America's youth that they may grow in wisdom, competence, and character to govern well their own lives, our great, free economy, and our mighty republic," was held last summer at Mills College in Oakland and sponsored by San Francisco State College.

This workshop, one of the 31 held around the nation during the summer months by the United States Joint Council on Economic Education, was directed by Dr. Donald M. Castleberry, chairman of the Social Science department. Aply assisting him was Dr. George Feliz, Professor of Business and Economics.

Among others participating from our college were Professor Fred T. Wilhelms, chairman of the Education and Psychology division; Robert R. Smith, Asst. Professor of Education, and Thomas P. Lantos, Assistant Economist for Bank of America now on leave of absence.

PROGRAM OUTLINED

In broad outline, the program followed by the workshop was to first of all get at some of the underlying economic concepts of the world today. From here, they moved into obtaining more intimate glimpses of the United States economy in general. This, then, was the major portion covered by the group in the first of the three week session.

Highlighting the first week were two addresses given by the former chairman of the President's Economic Council, Edwin G. Nourse, who pointed out to the audience a growing need on our part to become better informed on programs instituted by the government.

CALIFORNIA

Moving into the second week, the State of California was taken up in greater detail, with panels being held on the development and use of water resources, the labor market and employers, and a brief picture of the agricultural scene. Of particular note were two field trips made to the Cutter Laboratories in Berkeley and the Chevrolet-Oakland division of General Motors Corporation in Oakland. These two trips were to spotlight the differences between the small and big business organization.

During the last week, the first three days were spent on some specific problems within the economy, including collective bargaining, social security, and informing consumers.

FINAL DAYS

The last two days touched on the international front, with addresses on the "United States and the World Economy, Problems of Underdeveloped Areas, and The United States and the Free World." The closing address was given by John B. Condliffe, Professor of Economics at the University of California.

Taking part were 50 workshop fellows selected on the basis of merit and location in the state. The purpose of the three weeks workshop was to provide the fellows with background information on economics and a better acquaintance with the total picture of our economy in general, particularly California.

Fellowships were provided by a group of businessmen and industrialists headed by Mr. J. D. Zellerbach, president of Crown-Zellerbach Corporation.

Termed a complete success by Director Dr. Castleberry, the college plans toward conducting another similar workshop next summer in cooperation with the Joint Council on Economic Education.

Collegian Dance Tonight

Charley Stern and his orchestra will hold forth at the Royale Room of the Richelieu Hotel tonight for the Collegians Damon Runyon Cancer Fund Benefit Dance. The Collegians, an organization of college students and young adults over 21 in the Bay Area, will have Louis Lurie, national secretary-treasurer of the Fund, as chairman of the evening's festivities.

Former IRC Prexy In Honor Award

Pat Wire, president of the International Relations Club last semester, yesterday received the scholastic honor award from Alpha Mu Gamma, honor society of the foreign language students.

This award, given each semester, is for maintaining the highest scholarship in foreign languages. Miss Wire was chosen from a long list of candidates by the judges.

The first meeting of the honor society, at which the award was given, took place in the new campus activities room. The next regular meeting of the organization will take place on Thursday, October 1, at 1:00 p.m. in the activities room.

Employment

Several part time jobs as readers for blind students are listed in the employment office. Students who have a few hours each day and who have a pleasant speaking voice (no speech impediments, etc.) may earn 75 cents per hour. The reading will be done in rooms set aside on the campus for that purpose.

Openings for mid-year graduates as state compensation insurance assistants were announced recently by the California State Personnel board. Seniors may take the qualifying exam on the campus on October 24.

The position is a training class

in which the new employee learns all phases of workmen's compensation insurance. The jobs are primarily in San Francisco or Los Angeles.

Salaries range from \$295 to \$341 a month. An application must be made by next Friday, October 2, for the examination. For further information see Mrs. Sugarman in the Placement office or your nearest State Personnel board.

Polio victim needs driver from Richmond District to new campus. Salary. Please contact placement office for particulars.

CORRECTION

In last week's edition of the Gater, the story of opera tickets available in the ASSFSC business office for the operas "Elektra" and "Tristan and Isolde," carried an error. "Elektra" scheduled for Wednesday, September 30, instead of October 30 as originally stated.

LOW IN NICOTINE

HIGHEST IN QUALITY

When you smoke Chesterfield it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.

A fact proved by chemical analyses of the country's six leading cigarette brands.

And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.

Chesterfield is best for me—my steady smoke for 7 years.
